**About the Museum's
Outdoor Sculpture
Program**

The DeLand Sculpture Walk is a project to bring art to public spaces. Brought to you by the Museum of Florida Art, the exhibit of original outdoor sculptures will be on display for one year. The sculptures depict a variety of artistic styles and materials. The artists loan their work to the exhibit and each piece is available for purchase. Each year the sculptures will be changed and more will be added.

The goal of this program is to enhance the aesthetic experience, the cultural image and the economic viability of historic downtown DeLand. The various wood, metal and brightly colored sculptures add to the vibrancy of our community. The arts contribute not only to the enhanced quality of life, but also to higher educational levels, cultural tourism, employment of a viable workforce and the creation of higher values for property and business owners.

We trust that you will enjoy the tour of the sculptures and will return often for a new experience.

Information for those interested in details of the program, purchasing artwork or contacting the artists may be found through our website as noted above. You may email questions to: streetsculpture@museumoffloridaart.org or call 386.734.4371.
