MUSEUM OF FLORIDA ART

The Museum of Florida Art Presents: *Florida Biennial IV*

Exhibition Dates: June 6 - August 24
Opening Reception: June 6, 5 - 7pm
Frank Holt Gallery Talk: June 28, 2pm

The *Florida Biennial* is an exhibition that has grown from a local museum member's exhibit into an important venue for artists across the state. As the Museum of Florida Art continues to expand in scope and reach, the *Florida Biennial* juried exhibition plays a vital part in this process by providing exhibition opportunities to a variety of artists working in a wide range of mediums. This year, over 90 Florida artists provided submissions for jury; 61 artists were chosen for this year's show.

Distinguished jurors have curated exciting exhibitions over the years that are both beneficial to the participating artists and to the public. Selected artists often premiere work in this exhibit. Discoveries of new techniques and approaches to the creative process often occur with exhibitors while the public is rewarded with a diverse collection of imagery, mediums, and styles of artistic expression. This exposure can lead to a greater appreciation of art in general or to increased interest in a particular artist.

This year's juror is Frank Holt, Director of the Mennello Museum of American Art in Orlando, Florida. As with previous jurors, Mr. Holt brings a wealth of experience and knowledge to his decision making. Jurors are often introduced to new talent through this process which can lead to further developments in an artist's career beyond to *Florida Biennial*. Frank Holt will also give a gallery talk thus furthering an aesthetic dialogue about the work on display.

The educational potential for each *Florida Biennial* is another beneficial aspect of these distinctive exhibitions. Any one of the mediums presented is a starting point for learning more. This exhibit is scheduled to coincide with the Museum of Florida Art's summer *Camp Create* for children where they will be able to experience first hand creations done by accomplished artists. This art exposure shows numerous fantastic possibilities. Many times, mediums used by

exhibiting artists are inspirational of student experimentation. Participating artists in the Florida Biennial will many times offer demonstrations, talks or lead workshops for young students and adults alike.

The *Florida Biennial* introduces the Museum of Florida Art, DeLand and the surrounding area to many artists here for the first time. This venue reaches out to more artists and museum visitors than any other exhibit on our schedule. We would like to thank our sponsors as well as all of the artists, who submitted work, congratulate all who were accepted and welcome new visitors.
